Shootout Extravaganza

...great weather, positive outcome

Life is full of surprises!!!!

Angler Joe Clark (Scrub Island) was fighting his fish on Tati Way, when ...bingo!! ...the boat lost its stern platform and began to take on water. In their wildest dreams they couldn't have imagined that they would be leading the Tournament with three releases!!!

Back to Back, they had time for Clark to release, for Tati Way to return to port and for Chairman Frankie Mirandés to offer his own boat, Tormenta, upon which they quickly returned to action. Both, Osvaldo de Leon and wife Stephanie Lebron released one fish each, which along with Clark's, got the magic number "3."

Captivated by the Cave

It was awesome!!! The caves, the darkness, the play of dappled light and mysterious shadows enchanted the ladies who visited the Rio Camuy Caves and had lunch at "Salitre" restaurant in Arecibo. An experience to always remember fondly.

James Bond is searching for... Oh NO! Is the "Chayote," our good friend Tim Choate.

Got a Wig???

With flashy wear and even fake eyelashes, we'll dance the night away this evening!!!!
